

It's time to unleash your pet's magical potential!

Introducing Maxx Mania, a line of products that will give your pet the sustenance they need to continuously thrive!

ABOUT US

MAXX MANIA is a Supplement that is founded and formulated by Eucera Sdn. Bhd. We are a group of pets enthusiast that aim to improve our pet's health and wellness.

WHAT WE DO

Maxx Mania is not just a supplement,

We are here to educate,
We are here to cultivate,
We are here to redefine,
We are here to

MAXXIMIZE THE POTENTIAL.

MAXX MANIA GOAL

Our goal is to re-educate and redefine the concept of pet supplement. We aim to provide knowledge and understanding for the general public.

After all, it's all about CONSISTENCY.

NitroPLUS

NitroPLUS is an advanced nutrition source for the animals and will unleash the potential of the animals to gain weight and muscle mass. The protein quality is concentrated in a considerable percentage of low molecular weight peptides, which aims for more complex digestive systems. Therefore, it is an ideal ingredient in formulas for the animals.

Key Benefits

- provides rapid digestion and gut absorption to help increase body weight and muscle mass.
- provides a source of hypoallergenic nutrients
- provides a safe source of palatant for animal food due to the high levels of glutamic acid (UMAMI flavour).
- promotes healthy skin and coat condition and feather quality for the animals.
- has low biogenic amines and is Salmonella and pathogen free.
- improves the general health status of the animals.

Active Ingredient

Marine-sourced, ultra purified peptides derived from Fish Protein Isolate.

Feeding Instruction

Start with 1 pump per day for a week and continue with 2 to 4 pumps per animal for the rest of it depending on the need of the animals.

RM 40

OmegaPLUS

OMEGAPLUS is a rich source of EPA and DHA, the most biologically active omega-3 fatty acids derived from high quality salmon oil. OmegaPLUS is a highly digestible energy source and the inclusion in animals feed will correct the essential fatty acid balance in their diet.

Key Benefits

- is a rich source of omega-3 fatty acids that deliver substantial levels of EPA and DHA.
- supports and strengthening pet's immune systems and early life performance.
- helps to reduce the inflammatory response in animals.
- improves pet's bone strength and density as well as feather development in animals.
- helps to improve the reproductive efficiency of the animals.

Active Ingredient

Salmon fish oil, a rich source of DHA and EPA.

Feeding Instruction

Start with half a tea-spoon for a week and continue with full tea-spoon for the rest of it depending on the need of the animals.

** For best results, it is recommended to use together with NitroPLUS.

FurPLUS

FurPLUS is formulated to boost the animal's coat to its maximum potential. FurPLUS helps to eliminate dull coat and support a healthy and shiny coat.

Key Benefits

- boosts the coat to the maximum potential.
- promotes healthy and fortified skin coat.
- helps to reduce shedding.

Active Ingredient

Vitamins, mineral and amino acids.

Feeding Instruction

Start with half a tea-spoon for a week and continue with full tea-spoon for the rest of it depending on the need of the animals.

** For best results, it is recommended to use together with NitroPLUS.
